Ein Legespiel für Jung und Alt

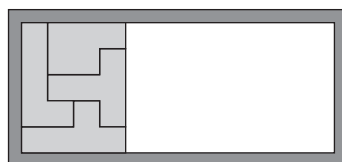

Im Folgenden zeigen wir für jede Barriereposition ein Lösungsbeispiel. Es gibt aber z.B. für das 3er-Feld insgesamt 7 verschiedene Lösungen und für das 12er-Feld 1010. Die meisten Lösungen gibt es für das 10er-Feld, nämlich unglaubliche 6951.

A board game for young and old

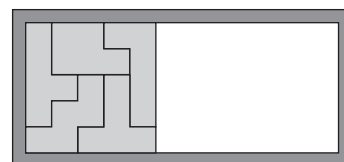

Please find in the following one possible solution for each position of the divider. There are for example 7 different challenges for the area bounded by the divider on position 3 and not less than 1010 challenges for the area bounded by the divider on position 12. But the area with the highest versatility of challenges is area 10, there are unbelievable 6951 challenges.
